Exhibit "B"
Supplemental Information about a Master Agreement between
District and Nearpod

District has entered into a Master Agreement with Nearpod, which governs the availability to the District of the following products or services (check as applicable):

- x Nearpod
- x Flocabulary

Pursuant to the Master Agreement (which includes a Data Sharing and Confidentiality Agreement), the District may provide to Vendor, and Vendor will receive, personally identifiable information about students that is protected by Section 2-d of the New York Education Law ("Protected Data").

Exclusive Purposes for which Protected Data will be Used: The exclusive purpose for which Vendor is receiving Protected Data from the District is to provide the District with the functionality of the products or services listed above. Vendor will not use the Protected Data for any other purposes not explicitly authorized above or within the Master Agreement.

Oversight of Subcontractors: In the event that Vendor engages subcontractors or other authorized persons or entities to perform one or more of its obligations under the Master Agreement (including subcontracting hosting of the Protected Data to a hosting service provider), it will require those subcontractors or other authorized persons or entities to whom it will disclose the Protected Data to execute legally binding agreements acknowledging their obligation under all applicable laws and to comply with all applicable data protection, privacy and security requirements required of Vendor under the Master Agreement and applicable state and federal law and regulations.

Duration of Agreement and Protected Data Upon Termination or Expiration:

- The Master Agreement commences on [Aug. 30, 2021] and expires on [Sept. 15, 2022].
 - Upon expiration of the Master Agreement without renewal, or upon termination of the Master Agreement prior to its expiration, Vendor will securely delete or otherwise destroy any and all Protected Data remaining in the possession of Vendor or any of its subcontractors or other authorized persons or entities to whom it has disclosed Protected Data. If requested by the District, in writing, Vendor will assist the District in exporting all Protected Data previously received back to the District for its own use, prior to deletion, in such formats as may be requested by the District.
 - In the event the Master Agreement is assigned to a successor Vendor (to the extent authorized by the Master Agreement), the Vendor will cooperate with the District as necessary to transition Protected Data to the successor Vendor prior to deletion.
 - Neither Vendor nor any of its subcontractors or other authorized persons or entities to whom it has disclosed Protected Data will retain any Protected Data, copies, summaries or extracts of the Protected Data, or any de-identified Protected Data, on any storage medium whatsoever upon termination or
-

expiration of the Master Agreement without renewal. Notwithstanding anything to the contrary in this Agreement or otherwise, this requirement does not apply to any backups that Contractor may create in the usual course of business (i.e. Business Continuity Plans) that will be deleted in accordance with Vendor's internal data deletion policies unless that backup is used to restore Contractor's systems, at which point, the data belonging to District will be deleted. Upon written request (no earlier than sixty days following expiration/termination of the Master Agreement), Vendor and/or its subcontractors or other authorized persons or entities to whom it has disclosed Protected Data, as applicable, will provide the District with a certification from an appropriate officer that these requirements have been satisfied in full.

Challenging Accuracy of Protected Data: Parents or eligible students can challenge the accuracy of any Protected Data provided by the District to Vendor, by contacting the District regarding procedures for requesting amendment of education records under the Family Educational Rights and Privacy Act (FERPA).

Data Storage and Security Protections: Any Protected Data that Vendor receives will be stored on systems maintained by Vendor, or by a subcontractor under the direct control of Vendor, in a secure data center facility located within the United States.

Encryption of Protected Data: Vendor (and, if applicable, its subcontractors) will protect Protected Data in its custody from unauthorized disclosure while in motion or at rest, using a technology or methodology that complies with Section 2-d of the New York Education Law.
